Subject: Upload of dimock\napolibernslolnickCDdata

Is there not a EPA FTP site or Internet External Storage Site [EX: adrive.com] that we can use to upload this 1.71 GB of Sub-Folders and Files. Give out the Log On information to designated personnel.

So, I assume we still can't. Access from the field. Right? I wonder if the OSC Web page will take it.

John/Bob. Any comment?

In am working for another 2 hours. BE ADVISED the following R3 Shared Folder...

[Ex. 6 - Personal Privacy]
is almost 2 GB is SIZE. That is a VERY LARGE amount of data in that Folder.
It contains 13 SUB-Folders and 17 Files within the 'napolibernslolnickCDdata' Folder.
It appears to all be PDF Format Files. Does ALL of the contents of "napolibernslolnickCDdata" Folder need to be uploaded?

I logged onto the <http://www.epaosc.org> Web Site and did a search for ALL Region 3 OSC Web Sites - There is NO listing for Dimock. What is the listed Site Name within OSC Web? Where is it located City, State?

Steve, when you can, would you copy the rest of the files from the share drive address below to the Dimock OSC web page. I will give you rights and you will get an email. You will have to log in to see the web page. Thanks for the assist. Rich.

Sure! So, that was fun. I added as much of the data that I could to the website. I hope there are few duplicates up there. I really didn't see much data up there yet. Did I miss something? Suddha, good luck getting through all of this. The Gesford stuff and the wellsite investigation information is not specifically residential well data, but instead data from industry on their gas wells, alleged releases and alleged ;) investigations.

I absolutely tried for over 1.5 hours to load all of the lawyer's data tables. I am not going to spend the rest of today trying again. The upload failed after i zipped and loaded. If there is someone (i.e. EPA database manager?) that can provide that info to the OSCs through the website, please have at it. The location of these files is on the regional office shared drive at:

Subject: Dimock Data

Hi Karen,

I am beginning to have my START get a firm handle on all the previous data. I am sure you have done this already, but I am just double checking that all the data received by EPA on Dimock is uploaded to the OSC web page.

Thanks. Rich.

Bob, I assume that Karen has all the data that has been received by ATSDR. right?
